**Announcement #2***The Year of the Census by Sarah Omietanski, Junior Council*

This year everyone will be receiving information to complete the US Census. The Census is distributed every 10 years and is used to count every resident. This information is used by businesses to determine where to build factories, offices, and stores, which help to create jobs. Furthermore developers use the information to build new homes, and redevelop old neighborhoods. Local government uses the Census for public safety, and emergency readiness. Federal funds, grants, and support to states, counties, and communities are based on the population totals they receive from the Census. When everyone participates your community is guaranteed to receive its fair share of the federal funds, which are spent on schools, hospitals, roads, public works, and other important programs. So please do your part, and when the forms are distributed please make sure you complete it, and send it back so our community can receive the funding it deserves.

**Announcement #3***150 year celebration committee meeting*

Please note, if you plan to vote using an absentee or mail-in ballot in the 2020 GENERAL PRIMARY held on 06/02/2020, your completed application must be received in the county office by 5:00 PM on 05/26/2020. The deadline to return your voted absentee or mail-in ballot is 8:00 PM on 06/02/2020.

### Upcoming Elections

On Friday, March 27, Governor Wolf signed Senate Bill 422, which reschedules the 2020 primary election from April 28 to June 2. The measure makes other election process changes, including some due to the COVID-19 emergency. The bill provides process improvements to Act 77 of 2019, to allow counties to begin processing and tabulating mail ballots beginning at 7 a.m. on election day, rather than after the polls close at 8 p.m. Additionally, the measure allows counties to temporarily consolidate polling places without court approval and eases other rules regarding location and staffing of polling places for the primary to respond to county concerns about a potential shortage of poll workers and appropriate polling place locations.
